**Section C (For Noncommercial broadcasters only)**

On its analog channel, and its primary digital stream, a station must air 60 seconds per day of on-air consumer education, in variable timeslots, including at least 7.5 minutes per month between 6 pm and 12 am. Beginning May 1, 2008, this requirement doubles, and beginning November 1, 2008, it increases again, to 180 seconds per day and 22.5 minutes per month between 6 pm and midnight. It must also run one 30 minute transition education piece once (See rules for additional details). Have you aired a sufficient amount of consumer education (60, 120, or 180 seconds per day, depending on the date) during each day this quarter?
